

QUALITY POLICY

United Scaffolding, part of Waco Kwikform, are scaffolding and formwork specialists. The core business of Waco Kwikform Limited is the sale and hire of scaffolding and formwork systems and all associated services.

The management of Waco Kwikform Limited has defined Quality as **CONFORMANCE TO CUSTOMER REQUIREMENTS AND APPLICABLE REGULATORY REQUIREMENTS.**

Waco Kwikform's management has adopted a policy which provides goods and services which meet customer requirements at a time and place agreed to with the customer.

The policy requires a Quality System that includes processes for the continual improvement of the system and based on the principles of Total Quality Management.

The management of United Scaffolding is committed to Total Quality Management and to achieving certification to the Australian/New Zealand Quality Standard AS/NZS 9001:2016 appropriate to the operational role of the company. This Quality Policy will be achieved by:

The provision of clearly defined and approved procedures which cover relevant aspects of company operations;

The provision of Work Instructions developed and proven for specific operations;

A corrective action system to detect and react to any non-conformance and to be used as a tool for continual improvement of the system;

A training system which ensures that personnel are aware that each contributes to the achievement of the quality objectives.
